

Did'ja Know?

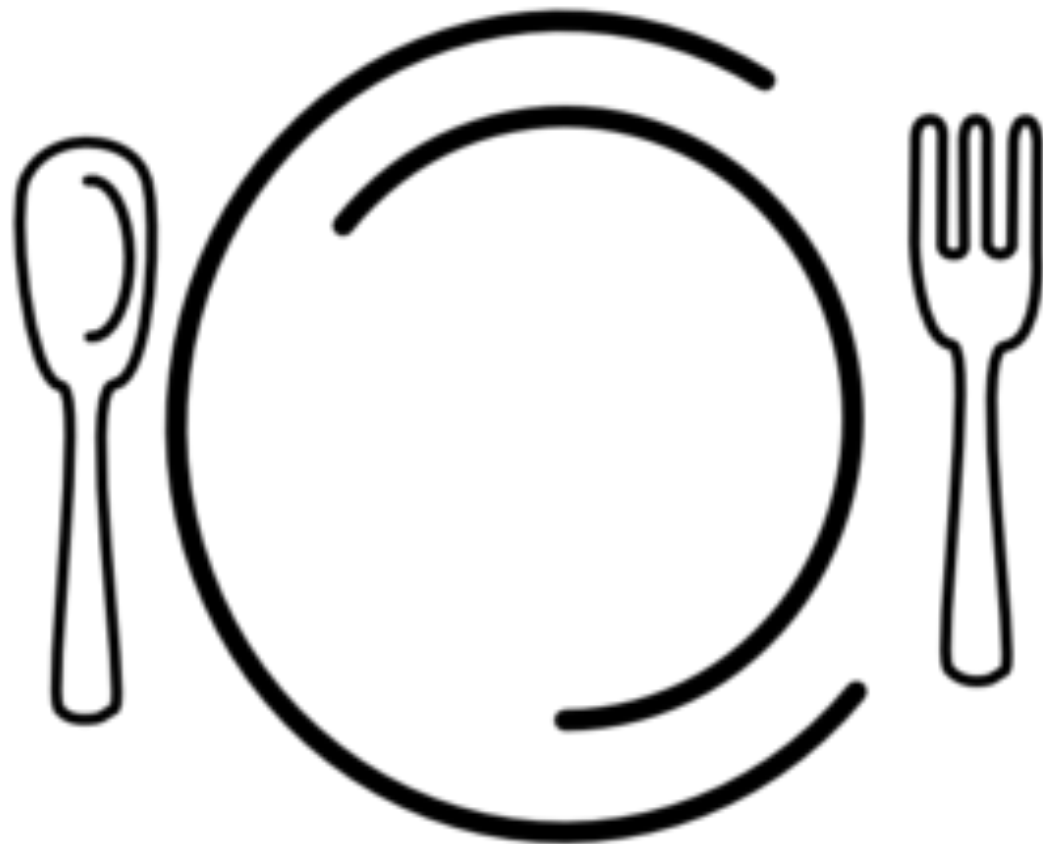

Hearing and listening are just as important as seeing. Your ears contain the three smallest bones in the human body: the malleus, incus, and stapes. Together, these bones work to transmit sound vibrations to the brain!

Color That Stuff

Draw in your favorite meal! "Daily bread" is what we pray for in the Lord's Prayer. This can be food, but also other things, too.

Sundays After Pentecost

July 24, 2022
7th Sunday
After Pentecost
Luke 11:1-13

"Jesus," said Joanna, "can you teach us how to pray?"

Jesus nodded. "Of course! Pray like this: Dear God, your name is holy. Come be with us on earth. Take care of us and give us all we need. Help us to forgive people who make us upset. And keep us safe when things are hard and scary."

Andrew smiled a big smile. "That's a great prayer!"

"Yes," said Joanna, "but sometimes people don't get what they need. And sometimes it's too hard to forgive."

John agreed. "And sometimes terrible things happen to people."

"Just keep praying," Jesus said. "God is listening. If you keep praying, things will change. And it might be you that changes."

"Okay," said James. "We can do that!"

Prayer

Talking and listening with God How often do you pray?

TICTACTOE

Nice Quote!

Prayer is the key of the morning and the bolt of the evening.
- Unknown

Do you have the Lord's Prayer memorized? If not, have an adult help teach it to you. There are different versions, so learn the version your faith community uses.
